DR. MORSE'S INVIGORATING CORDIAL,
Phenomenon in Medicine.—Health Restored and Life Lengthened, by Dr. Morse's Invigorating Elixir or Cordial.

Invigorating Elixir or Cordial.

A Thirst the properties attributed to Professor Morse's Invigorating Elixir or Cordial.

A Thirst the properties attributed to Professor Morse's Invigorating Elixir or Cordial were deemed fabulous. The public often deceived could not believe the simple and sublime truths announced by the discoverer. But facts, undeniable facts, attested by witnesses of the highest class and character, are now triumphing over all doubts. Increduitity is overthrown by a mass of testimony which is perfectly irresistible.

The Elixir remedies in all cases the deplorable evils arising from a misuse of the various organs which make up the wonderful machine called man. It restores to full vigor every delicate function connected with that mysterious compound agency of matter and mind, necessary to the reproduction of human life. To persons of feeble muscular frame, or deficient in vital power, it is recommended as the only means of communicating that energy which is necessary to the proper enjoyment of all the natural appetites, as well as the higher mental attributes. Its beneficial effects are not confined to either sex or to any age. The feeble girl, the ailing wife, the listless, enervated youth, the over-worn man of business, the victim of nervous depression, the individual suffering from general debility, or from the weakness of a single organ, will all find immediate and permanent relief from the use of this incomparable renovator. To those who have a predisposition to paralysis, it will prove a complete and unfailing safeguard against hat terrible malady. There are vator. To those who have a predisposition to paralysis, it will prove a complete and unfalling safeguard against that terrible malady. There are many, perhaps, who have so trifled with their constitutions, that they think themselves beyond the reach of medicine. Let not even these despair. The Elixir deals with disease as it exists, without reference to causes, and will not only remove the disorder itself, but

REBUILD THE BROKEN CONSTITUTION The derangements of the system, leading to nervous diseases, and the forms of nervous disease itself, are so numerous that it would require a column to enumerate the maladies for which this preparation is a specific. A few, however, may be enumerated, viz: neuralgia tio-doloureux, headenche incidient paralysis hysteria palacitation may be enumerated, viz: neuralgia tic-doloureux, headache, incipient paralysis, hysteria, palpitation of the heart, spinal affections, muscular debility, tremors, flatulence, a pricking sensation in the flesh, numbness, torpidity of the liver, mental depression, weakness of the will, indisposition to move, faintness after exercise, broken sleep, and terrifying dreams, inability to remain in one place or position, weaking of the procreative organs, sexual incompetency, metancholy, monomania, fluor albus, sinking at the stomach, female irregularities, a chronic tendency to miscarriage, emaciation, and all complaints growing out of a free indulgence of the passions, and all burrenness that does not proceed from organic causes beyond the reach of medicine.

ness, the unstrung and relaxed organization is at once braced, revivified, and built up. The mental and physical symptoms of nervous disease vanish together under its influence. Nor is the effect temporary; on the contrary, the relief is perma nent, for the cordial properties of the medicine reach the constitution itself, and restore it to its normal condition. Well may the preparation be

called the MEDICINAL WONDER Of the nineteenth century. It is, as the first scientific man in the world would have admitted, that miracle of medicine heretofore supposed to

have no existence.
A STIMULANT THAT ENTAILS NO RE ACTION.
Us force is never expanded, as is the case with opium, alcoholic preparations, and all other exci-tants. The effect of these is brief, and it may well be said of him who takes them: "the last state of that man is worse than the first." But the Elixir is an exhilarant without a single drawback—safe in its operation, perpetual in its happy influence upon the nerves, the mind, and the entire organization it will also remove depressions, excitement, tendency to blush, sleeplessness, dislike of society

incapacity for study or business.

LOSS OF MEMORY, Confusion, giddiness, rush of blood to the head melancholy, mental debility, hysteria, wretched-ness, thoughts of self-destruction, fear of insanity hypochondriasis, dyspepsia, general prostration irritability, nervousness, inability to sleep, disease incident to females, decay of the propagating functions, hysteria, monomania, vague terrors, palpitation of the heart, impotency, constipation, &c. &c., from whatever cause arising it is, if there is any reliance to be placed on human testimony lutely infallible.

CAUTION. Dr. Morse's Invigorating Cordial has been counterfeited by some unprincipled persons.

In future all the genuine Cordial will have the proprietors' fac-simile pasted over the cork of each bottle, and the following words blown in the glass: "Dr. Morse's Invigorating Cordial,

U. S. NAVY YARD, GOSPORT, VA., January 20, 1854. To C. E. Detmold, President N. J. Zinc Co., N. Y. Sin: A series of experiments conducted by me with the utmost care, during the past three years upon all the various paints and artificial prepara-tions for the preservation of timber, have led me to the important discovery that the White Zinc Paint, manufactured by the New Jersey Zinc Com-Paint, manufactured by the New Jersey Zinc Company, serves as a perfect protection against the ravages of the marine worm, and the formation of barnacles, whilst no other paint or preparation of any kind combines the same protective effect.

I am now preparing a full report on this important subject to the Bureaus of Yards and Docks, at Washington, and shall send with it a complete series of specimens of wood and metal plates, which were covered with the different paints and preparations, and then exposed alike for an entire season, in salt water, opposite this navy yard; all

Arthur E. Peticolas, M. D., Demonstrator of Anatomy.

The study of practical anatomy may be prosecuted with the most ample facilities, and at very trifling expense.

Clinical lectures are regularly given at the college infirmary and Richmond almshouse. The infirmary, under the same roof with the college, and subject to the entire control of the faculty, is at all times well filled with medical and surgical cases, and furnishes peculiar facilities for clinical instruction. Many surgical operations are performed in presence of the class; and the students, being freely admitted to the wards, enjoy, under the guidance of the professors, unusual opportunities for becoming familiar with the symptoms, diagnosis, and treatment of disease.
